Personal profile

I have gained a wide variety of skills and experience in technical fields

I am a highly motivated individual, with open mind and hands on approach, who is able to demonstrate key strengths in people management, profitability and in delivering customer satisfaction.

I can work as part of a team and have the determination to succeed in challenging environments.

I believe that to get rewarded, you need to work hard, be prepared to do more than expected and above all, be serious when it is time to work

Key Strengths & Weakness

- Good scheduler even in the most complex projects
- Overlook the need to encourage others
- Able to isolate myself from others if necessary
- Takes a no-nonsense approach
- Can work independently as well as in a team
- Reliable and Punctual
- Need no Supervision

Optical Time Domain Reflectometer Testing

Certified approved Alcatel Cable Installer

Alcatel Cabling Systems

is proud to grant this

***Certificate of Approved Installer
for South Africa***

filed under Competence Center file number

ACS - AIC - 473.99.06

to

***David Van Der Zandt
M.C. Communications***

This certificate is valid from the 01 June 1999 until 31 May 2000 only.

This certificate testifies that the holder acquired the expertise and experience to install high performance premises cabling in accordance with the Alcatel Cabling Systems guidelines as defined in the Concept Manual and Installation Training.

This implies that installations performed under supervision of the Approved Installer can receive the "Link Performance Certificate" and involved services.
